WHAT HAVE WE LEARNT?

English: We have now completed our journal writing, after editing them we then published them into our 'Beautiful Books' and are extremely proud of how they have turned out!

Maths: This week we have continued our learning on fractions, we started with halves and ended the week with quarters. We know that these must be equal just like when we share a chocolate bar!

Phonics: Our sound this week was /s/ spelt <c> <ce> and <se>. Please continue to practice the most common sounds sheet sent home in term 4. We are getting so good!

Science: Our learning on plants has continued this term and we have now started learning about edible and inedible plants. This has started great discussions on our favourite/least favourite fruit and vegetables.

History: We have continued our learning on significant people, learning what equipment they needed for their adventures.

RE: This week we delved deeper into a Christian church and what we may find in there. This helped us understand the significance of a church for those that visit.

PSHE: We learnt all about a 999 call and when we should dial them.

PE: Yoga this term has been wonderful, we have showed great determination to hold poses and represent stories through our bodies.

WHAT ARE WE READING?

We have continued to read about different significant people and linked them to our journal writing!

COMING UP

22 MAY

Last day of term

1 JUNE

Back to school

8 JUNE

Phonics screening check week

11 and 12 JUNE

PTA Father's Day gift shop

REMINDERS

- Please continue to work on phonics sounds and alien words at home. Everyone has worked very hard in term 5 well done!
- Thank you for all the support at sports day it was wonderful. Please remember shorts for PE as an option.
