#### WHAT HAVE WE LEARNT?

In Maths, the children have now completed Decimals A and have shown a strong understanding of mastery concepts surrounding decimals. They have worked particularly hard to understand what decimals represent in relation to the whole and have confidently explored the links between decimals and fractions. It has been fantastic to see the children applying this knowledge with growing confidence and accuracy. Next term, we look to advance the children's knowledge even more to move on Decimals B.

In Literacy, the children were absolutely thrilled to receive a personal message from Adam Kay addressed to Loose Primary School expressing his excitement about reading their writing. The children were buzzing with enthusiasm and it was a wonderful reminder of how important it is to give children a real purpose and audience for their work.

In PSHE, the children have continued their learning around safety and changing bodies. This week included important discussions and learning surrounding asthma and how to keep ourselves and others safe and healthy.

In Art, the children demonstrated incredible resilience and determination while creating their wire birds. Despite plenty of scratches and a few tricky moments along the way, the outcomes have been great! The children should be extremely proud of their perseverance and creativity. Watch this space for a possible upcoming exhibition where we hope to showcase their wonderful artwork!

Sports Day was a fantastic success and we were so proud of all the children who represented the year group in the races. Every child showed determination, resilience and excellent sportsmanship throughout the event. The children who competed should feel incredibly proud of their achievements and the way they supported one another throughout the day.

Yesterday's trip to the Julie Rose Stadium was truly amazing and immense fun for everyone involved. The children had the opportunity to meet athlete Sam Bennett and take part in a wide range of athletics activities including hurdles, shot put, javelin and long jump. Their enthusiasm and willingness to try new things was brilliant to see. Please keep an eye out for the photos in the newsletter!

#### COMING UP

Term 6 – MTC

Monday 1st June – First day back

Thursday 11th June/12th June – Father's day gifts

Friday 12th June – Year 4 reading golden ticket day

Monday 15th June – Refugee week
