

## MyMaths update:

Log back in regularly to your portal to see if your teacher has left you a message.

Click onto the SCORES tab for completed homework tasks. Click onto each task.

A summary of your scores will appear. You will have the chance to repeat the task to try and improve your score if you wish.

You might even spot a message from your teacher. Can you see it inside the red box?

This screenshot provides a detailed view of the 'Order of operations' task summary. It shows the task title, description, and a 100% score with a green star icon. A 'Rate it' button is visible. Below the task details, there is a summary of scores for Q1 (10/10), Q2 (18/18), and Total (28/28), each with a green star icon. A preview of the task interface is shown on the right. A 'Try homework again?' button and a link 'Need practice? Try the lesson' are also present. At the bottom, a teacher's message is highlighted in a red box: 'Well done. You've understood really well. Now have a go at the games. :)'. The footer indicates 'Tried: 1 time' and 'Last done: 31 March 2020'.

| Question | Score | Percentage |
|----------|-------|------------|
| Q1       | 10/10 | 100%       |
| Q2       | 18/18 | 100%       |
| Total    | 28/28 | 100%       |

Well done. You've understood really well. Now have a go at the games. :)

Tried: 1 time  
Last done: 31 March 2020
