GLO - Global Learning Opportunities

At Loose we want all children to flourish and be equipped to succeed in a modern, global society.

We provide pupils with a knowledge-based global curriculum that develops essential skills, equipping them for life in the 21st Century. We believe that global learning helps pupils make sense of the increasingly complex and rapidly changing world in which they live. Our curriculum enables pupils to think critically about local and world issues, to interact successfully with the world around them and to develop an awareness of the impact our own actions can have on others.

Our curriculum is ambitious and enables pupils to make connections between different aspects of knowledge, skills and attitudes. It builds on fundamental British and school values and focuses on lifestyle choices, promoting enjoyment of learning through expressive arts, sport and global connectivity.

The six themes within this global curriculum are:

- Innovation
- Technology
- Environment
- Identity and Social Justice
- Wellbeing
- Expressive Arts

We provide rich opportunities for the pupils to explore citizenship and real life world issues, which at times they may have to grapple with to make sense of. This in turn helps them to develop skills such as collaboration and communication, thus equipping them with the necessary skills for life in the modern world. Our 6 global themes link to the 17 United Nations sustainable development goals to transform our world.

Each Wednesday, our curriculum includes a morning session of activities to enhance and develop interests and a love of learning and trying new things. Curiosity and a love of learning is encouraged along with invaluable skills of teamwork, perseverance, resilience and confidence. Tolerance, respect, integrity and dignity are fostered.
