

## Art/Design Technology Project: Italian/Pompeii theme

This week you are turning into artists and designers...

Please choose one task or more to complete from the list below! Remember to send pictures into Twitter with a small caption so that we can see/show off your amazing creations!

### Task 1

We challenge you to use your fantastic creative skills to design, build and create your very own 3D Italian restaurant front!

Use an empty shoe box or any cardboard as the base of your shop front. Remember to include tables, chairs and a name for your restaurant.

Get creative – paint, stick and make the décor look bright and appealing to potential customers

**Challenge:** Can you make your restaurant using old rubbish or recyclable resources? Try to use sustainable items for example cardboard, paper, packing and wrappers.

### Task 2

We would like you to research an Italian artist or designer of your choice and replicate their ideas... Which artist will inspire you?

You could choose Leonardo da Vinci, Michelangelo or Giuseppe Arcimbold, to name a few, or you could discover an artist of your choice to develop your own artistic flair!

**Challenge:** Can you create an exciting poster containing three interesting facts about your artist or designer?

### Task 3

We would like you to research typical Italian food/cuisine, create your very own Italian inspired menu and become a chef for the day by making a dish of your choice for your family to try!

**Challenge:** Get your family members to rate your plate ‘Come Dine With Me’ style! Film them tasting your food and record their constructive criticism to make the dining experience more exciting!

# Pompeii and the Eruption of Mount Vesuvius

Imagine you are safely across the bay when Vesuvius erupts.

What can you hear?

What can you see?

What can you feel?

What can you smell?
