Behaviour & Anti Bullying Policy

A. SCHOOL RULES (GOLDEN RULES)

We are gentle
We are kind and helpful
We listen
We are honest
We work hard
We look after property

B. REWARDS

1. All adults in school should model positive, respectful relationships and will take every opportunity to praise positive behaviour.
2. Good behaviour (including behaviour for learning) will be rewarded in the following ways:
 - 2.1 Verbal praise and recognition.
 - 2.2 Name moved up the ladder.
 - 2.3 Reward for reaching the top. (3 steps) Year groups to decide on rewards.
 - 2.4 House points awarded for:
 - 2.4.1 Demonstrating our values
 - 2.4.2 Perseverance and determination
 - 2.4.3 Good behaviour
 - 2.4.4 Being kind, considerate and polite
 - 2.4.5 Good attitudes to learning
 - 2.4.6 Demonstrating good learning skills

C. CONSEQUENCES

1. Name moved down ladder – first reminder
2. Name moved down ladder – final reminder
3. Name moved down ladder – 15 minutes 'Reflection' (Withdrawal at lunch/break time – child to reflect on behaviour and plan for how they can improve this) Teacher to inform parents.
4. Three times in 'Reflection' in a term – letter home to parents from a Senior Leader.
5. Five times in 'Reflection' in a term – Meeting with parents (Consider setting up a Behaviour Support Plan)
6. This will be the expected strategy for all classes to use and for duty staff and lunchtime staff to use during unstructured times. Behaviour ladders will be in place in every classroom. Children will have 2 reminders at lunchtime before being sent in to a member of senior staff on duty to

receive children for them to reflect on their behaviour. This will take place the following day if at the end of the session.

7. Approaches for younger children will be adapted by the class teachers to ensure that this system is age appropriate.
8. These approaches to using sanctions and consequences to modify behaviour will be sufficient to target the behaviour management of the majority of our pupils. Recognising an increased level of difficulty can trigger planning within the school and possible use of alternative systems. See Appendix 1 for strategies for dealing with the small minority of children who fall outside this policy.

D. THE RESTORATIVE APPROACH

1. Accepting that conflict is an integral part of life is crucial to adopting restorative approaches. There will always be misunderstandings, competing needs and interests, and differences of opinion. In a school the pupils will not always behave as one would wish. Dealing with conflict is part of an educator's job. Restorative approaches help us to take action on conflict as an opportunity to foster learning and build better relationships.
2. When children present inappropriate, anti-social, disrespectful or challenging behaviour, particularly when such behaviour impacts negatively on relationships, the Restorative Approach will be used.
3. The Restorative Approach focuses on the harm that has been done and seeks ways to repair that harm.
4. Three principles of Fair Process will inform this approach:
 - 4.1 Engagement – all participants will be involved in the process.
 - 4.2 Explanation – a shared understanding will be reached.
 - 4.3 Expectation Clarity – a clear vision for the future will be shared.
5. The 'Reflection' time will be used to develop a clear understanding of what was inappropriate and what needs to change in the future.

E. VERY SERIOUS INCIDENTS

1. The most serious incidents will be dealt with immediately by a member of staff and recorded on a serious incident form. (See Appendix 2) This form must be given to a member of the senior leadership team. Examples of very serious incidents include:
 - 1.1 Pre-meditated or unprovoked serious violence.
 - 1.2 Prolonged defiance or deliberate disobedience.
 - 1.3 Continued unsafe or unkind behaviour (Including bullying and discriminatory behaviour).
 - 1.4 Extremely foul and/or discriminatory language.

F. TEAM TEACH

1. In the most serious incidents when a child is at risk of hurting themselves or others, a Team-Teach approach will be used. The term 'team-Teach' describes a broad spectrum of risk reduction strategies. Team-Teach is a holistic approach involving policy, guidance, management of the environment, and deployment of trained staff. Restraint is only a small part of the framework. Holding may form part of a positive behavioural support response if it calms and soothes the individual. Even when holding is necessary as a safeguarding response, the expectation is that people communicate with the child, assess the situation and continue to look and listen for opportunities to divert and de-escalate.
2. "Team-Teach techniques seek to avoid injury to the service user, but it is possible that bruising or scratching may occur accidentally, and these are not to be seen necessarily as a failure of professional technique, but a regrettable and infrequent "side-effect" of ensuring that the service user remains safe".

(George Matthews - Founder)

G. EXCLUSION

1. Restorative approaches seek to teach children to take responsibility, act with respect and promote a calm, positive atmosphere in the school. It is hoped that the need for exclusions will be rare.
2. Parents will be notified of the reason for the exclusion. As part of the child being re-admitted to school, a meeting between the parents and the school will be arranged. The purpose of the meeting will be to repair the harm that has been caused and reintegrate the young person into the school community and to ensure that the offending behaviour is not repeated. A Pastoral Support Plan (PSP) may be put in place. All those involved in the return to school meeting will receive a copy of the notes.

H. CONSISTENT USE OF POSITIVE LANGUAGE, PUPIL CHOICES AND CONSEQUENCES

1. ALL staff are proactive in applying this policy everywhere and throughout the school day. *E.g. if we walk past a jumper on the ground and allow it to be left the message is that we think it is ok to have things laying on the floor; similarly, if we see any child breaking any rule and don't intervene our unspoken message is that it is ok.* Our verbal and unspoken messages must always remind children of the right behaviour choices. Staff provide good role models for the respectful behaviour we wish pupils to exhibit.
2. ALL staff support each other in applying this policy consistently. All staff will remind children positively to be polite to everyone. ALL staff will use the language of expectation not request when reminding children of expected behaviour, by using **thank you** and **NOT please**. E.g. "Sit safely, thank you." not "Please sit safely."

Anti-Bullying Policy

I. APPROACH TO BULLYING

1. We are committed to providing a caring, friendly and safe environment for all our pupils so that they can learn in a relaxed and secure atmosphere. Bullying of any kind is unacceptable. If bullying does occur, all pupils should be able to tell and know that incidents will be dealt with promptly and effectively. We are a TELLING SCHOOL – anyone who knows that bullying is happening is expected to tell the staff.

2. Bullying both verbal and physical will not be tolerated in this school. It is everyone's responsibility to prevent it happening and this policy contains guidelines for all members of the school community.
3. In our school children have a right to feel welcome, safe and happy. In our school we will not tolerate any unkind actions or remarks even if these were not intended to hurt.
4. Bullying is **deliberately** hurtful behaviour **that is repeated often over a period of time**, making it difficult for the person concerned to defend themselves. It causes pain and distress to the victim.
5. Bullying can take many forms. The 5 main types are:
 - 5.1 Physical - hitting, kicking, taking belongings.
 - 5.2 Verbal - name calling, insulting or racist remarks.
 - 5.3 Cyber - bullying – using text messages, email, chat rooms, social networking sites etc.
 - 5.4 Spreading unpleasant stories about someone, excluding someone from social groups.
 - 5.5 Sexual - unwanted physical contact or abusive comments.
6. Although resolving conflict by resorting to fighting is not acceptable, it is not bullying if two pupils of equal power and strength fight or quarrel.

J. AIMS

1. We aim to prevent bullying in each school within the Trust.
2. We aim to raise pupils' awareness of bullying behaviour and the school's anti-bullying policy.
3. We aim to challenge attitudes about bullying behaviour, increase understanding for bullied pupils and help build an anti-bullying ethos in the school.
4. We aim to improve the facilities so that we provide an interesting and stimulating environment for pupils alongside quiet seating areas that can be easily supervised.

K. REASON FOR BEING A VICTIM MAY BE:

1. Race/sex/background.
2. New child in school.
3. Child with family crisis.
4. Disability.
5. Timid children who may be on the edge or outside a group.

L. REASONS FOR BEING A BULLY MAY BE:

1. Victim of violence.
2. Bullied at home.

3. Enjoyment of power/creating fear.
4. Not allowed to show feelings.
5. Copying behaviour at home or on TV.
6. Unhappy.
7. Insecure (coward at heart).
8. Self-hating.

M. EARLY SIGNS OF DISTRESS:

1. Withdrawn.
2. Deterioration of work.
3. Spurious illness.
4. Isolation.
5. Desire to remain with adults.
6. Erratic attendance.
7. General unhappiness/anxiety/fear.
8. Late arrivals.
9. Bed wetting.
10. Cry themselves to sleep.
11. Unexplained cuts, scratches, bruises.
12. Unexplained missing possessions.

N. FRAMEWORK FOR ANTI-BULLYING CAMPAIGN

1. Prevention is better than cure so we will:
 - 1.1 Be vigilant for signs of bullying.
 - 1.2 Always take reports of bullying seriously and investigate them thoroughly,
2. Children will be encouraged to report all incidents of bullying to an adult. These will then be referred to the class teacher, SLT member as appropriate.
3. A log of all bullying incidents will be kept and incidents should be recorded on the serious incidents form.

O. EACH CLASS TEACHER SHOULD:

1. Use the curriculum and its global themes to increase children's awareness of bullying and to help them to develop strategies to combat it. Use discussion to explore issues related to bullying and to give individual children confidence to deal with 'bullying'.
2. A no blame approach will be taken in order that both wrongdoer and victim can be enabled to find a solution to the relationship difficulty and the harm can be repaired. If a contract is drawn up between the parties involved, it is important that the teacher monitors its implementation and the progress the pupils are making. If the contract is not being followed it may need to be amended. If it becomes clear that pupils have no intention to follow the contract, more serious consequences will follow. A follow-up meeting with the pupils can find out whether their solution has been effective or not.

P. DUTY STAFF SHOULD:

1. Ensure pupils are supervised at playtimes and lunchtimes.
2. Patrol secluded areas such as toilets, corridors, and doorways.
3. Observe pupils' play patterns and relationships – note children who appear isolated or unhappy and inform the class teacher.
4. Investigate every allegation of bullying.
5. Encourage children to use the play equipment and quiet areas around the school.

Q. PARENTS:

1. Parents of both victim and bully will be informed and staff will undertake to give feedback to parents on the steps taken. In serious ongoing cases of bullying, parents will be invited to participate in the restorative conference.
2. If things have not gone well, the problems will be further analysed with the possibility of outside agency involvement – e.g. behaviour support service. Parents will be kept informed at all stages.

R. BULLYING OUTSIDE OF SCHOOL:

1. The school will also support a child and their family with any reported bullying out of school, including online bullying.

APPENDIX 1

Extreme Behaviours

SANCTIONS FOR EXTREME BEHAVIOUR

1. Certain totally unacceptable behaviours bypass the sanctions in the main policy. These are:
 - Pre-meditated or unprovoked serious violence
 - Prolonged defiance or deliberate disobedience
 - Continued unsafe or unkind behaviour (Including bullying and discriminatory behaviour)
 - Extremely foul and/or discriminatory language
2. These behaviours result in parents being informed, outlining the behaviour that has taken place. A school leader will investigate the whole incident. The parent will be invited in to discuss the situation and to develop, with the school, a behaviour support plan if necessary. Ultimate sanctions for non-cooperation or non-compliance with the behaviour support plan could result in exclusions of some kind. Records must be kept by the Class Teacher (or relevant adult) and sent to the school leader responsible. If the behaviour of a child or children becomes a danger to the class, the Class Teacher should remove the class for their own safety and take them to another room.

PLAN B (INDIVIDUAL BEHAVIOUR SUPPORT PLAN)

This stage is for children for whom the main policy / procedures used have not been effective in changing their behaviour, week after week.

Aims of this plan are to:

- Inform and engage the whole school
- Reduce anxieties surrounding the behaviour
- Keep to an absolute minimum manual handling (Team Teach trained staff) of pupils
- Ensure that observations and evidence for further analysis of behaviour is available to develop an understanding of the behaviour (ABCs, running record, Functional Analysis)
- Identify situations in which challenging behaviour is most likely to happen, situations in which it is less likely to happen and what the very early signs of difficult behaviour are
- Choose a target behaviour that can be systematically rewarded. (Immediate, tangible rewards are most effective)
- Ensure other pupils are supportive of behaviour modification and feel secure e.g. Rewards will go towards class reward system to give class an opportunity to support the individual's plan e.g. 5 sessions of doing the right thing leads to 'a bead in the jar' for the class

Pro-active - Possible planned steps:

- Timetable changes
- Staffing
- Differentiation
- Use of key adults - the whole school informed
- Consistency of staff (actions and words). Plan action to support changes
- Tell the child and walk away
- Offer help
- Allow take-up time
- Use key words and simple sentences

- Teach consequences/boundaries - focused on a target behaviour Systematic rewards - immediately contingent upon target behaviour

Re-active - Be aware of early signs and take immediate action - Unexpected behaviours

- Scripted steps (allowing time and space in between steps)
- Direct instruction
- Instruction and reminder of reward
- State choice of consequence (target behaviour & reward or no reward)
- Carry out consequence (low-level, consistent, will take time)
- Time out directed

Ensure action is taken to avoid escalation and handling:

- Adopt a positive approach
- Adopt a relaxed non-threatening stance
- Plan distraction
- Offer clear boundaries
- Transfer to a different adult if appropriate
- Individual Behaviour Support Plan Sanctions should be as low-level as possible and short term. Low-level action that is consistent and certain is more effective than higher level action. Sanctions should be planned and fair, they must not damage the relationship between pupil and staff
- Consequences should be short term

TIME OUT

Time out is recommended to de-escalate patterns of behaviour. Time out should be planned and this plan should include the pupils as far as possible. Ideally pupils should move toward identifying their own need for time out. Time out should be managed with low key approaches. Use of symbols or signs can indicate that time out is recommended or needed. Time out should be used as close to the classroom as possible to avoid any need for positive handling.

PLAN C (PASTORAL SUPPORT PROGRAMME / PSP)

A small percentage of children whose behaviour and responses can be difficult to predict or manage as a result of their individual additional needs, could lead into a pattern of exclusion within a few days if the main behaviour policy is applied to them. This is not deemed to be the right course within our ethos. These children will therefore be subject to a Pastoral Support Programme (PSP) and the whole school will be informed and know who they are. Their individual programme will be drawn up through multi-agency working and will involve the parents. It will be reviewed regularly and all staff given a synopsis of outcomes.

Extreme cases

In extreme cases, it may be necessary to isolate a child (internal exclusion). If so, a school leader will be called and the child will go with him/her (and possibly a classroom TA/other adult). This will be for the child to complete the work set by the class teacher or until the child has either calmed down or been collected by the parents.

Formal steps to avoid exclusion

Whenever possible we strive to avoid the use of exclusion as a sanction for bad behaviour. We have therefore devised a hierarchy of sanctions, where a fixed term of exclusion is only used after all other

avenues have been exhausted. We involve parents as partners in finding ways of helping their child to be a full and useful member of the school community. Knowing that school and parents are working together is a powerful tool in helping a child to become responsible for his/her own behaviour, and to avoid the following steps.

Exclusion

Parents will be notified of the reason for the exclusion following KCC guidelines. Before the child is re-admitted to school, a meeting between the parents and the school will be arranged. The purpose of the meeting will be to discuss strategies and a way forward to try to ensure the offending behaviour pattern is not repeated.
