

Meeting Minutes

Time and date of the meeting:
Thursday 25th March 2021

Eco-Committee members present:
All main reps attended from each year.

Eco-Committee members not present:

What was discussed?

- New eco reps greeted and congratulated on being chosen as class reps and for being so patient under the circumstances – checked all had their correct badge.
- Checked to see if council reps had shared our Eco Code with their classes handed out before the lockdown.
- Discussed their general role for the remainder of the year.
- Mrs Way's desire to restart the eco traffic wardens, school litter picks, external litter picks with Loose Parish Council.
- 'Eco Councils's Environmental Tips' for the newsletter on a regular basis – shared and discussed example. Discussed hedgehogs and how we can help protect them and considered other animals and environmental issues that could be highlighted.
- The need for an eco council box for each classroom so that children can forward ideas and suggestions for our meetings.

Next steps:

- Most classes had shared the eco code with their class as their teacher had given them time to do so. Those that had not will make this a priority.
- Children to come to next meeting with further ideas of what they would like to focus on in their role for the coming months.
- Children agreed that they would like to start the eco traffic wardens asap and regular litter picks.
- Children liked the 'environmental tips' idea as a regular feature in the newsletter. Year 6 given the task of writing the next one, following the example given out. Bring to next meeting.
- Children to come to the next meeting with their newly made eco council box.

When and where is the next meeting?

Thursday 22nd April at 2pm in the Woodland Walk.
