What was discussed?

- HAPPY EARTH DAY!
- Shared our beautiful newly made eco boxes and said how these need to be up and running in classes.
- Shared minutes format with the council. Explained how these are sent to the whole school and how teachers would have a copy that they could bring up on their board so that details could be shared with the class by the reps. Some reps said they had already done this for the first meeting as their teachers had given them time to do so in class, for example, Onyx and Amethyst class. Also stated that the minutes are displayed on our eco board and on the school website.
- 'Environmental tips' for newsletter – Daniel brought his article on bees for the newsletter. Izzie and Freddie to complete the next articles – year 6.
- Eco traffic wardens to hopefully start again with the year 4 reps first.
- Outdoor Classroom Day – 20th May 2021 preparation.
- Next meeting will be a school grounds litter pick – both reps welcome!
- Introduced our Eco mascot Shelley the sea turtle!
