

Dear Parents and Careers,

Here at Loose Primary we believe that the link between home and school is crucial to enabling your children to be successful. For us to enable this link to be strong we want to ensure you are informed about what your children are learning about. On our school website, we have a page for Teaching and Learning that contains a wealth of information. Within this section, we have our Curriculum pages that provide overviews for individual year groups and individual subjects.

Please see below hyperlinks to each individual year group's curriculum overview that shows you the topics your children will be learning about this academic year. Our vision for education here at Loose is built around providing authentic learning experiences for our children. One of the ways we will be looking to build this into our curriculum is by having different audiences for children to present their learning to. One of those audiences is a public audience and that can be members of our parent community. Therefore, if you see a topic area you think you could help support us with here at Loose then please do make contact with us via the school office so we can arrange for you to come in and enhance our curriculum delivery. Additionally, if you are a professional in a field that you feel could be of some benefit, please do make contact because another audience we are aiming to get involved in our curriculum is a professional one.

Year Group Overviews
