**Maths Workshop for parents/carers – 12<sup>th</sup> December 2.30-3.10pm**

Dear Parents / Carers,

We are pleased to invite you to a Maths Workshop on Tuesday 12<sup>th</sup> December at 2.30pm till 3.10pm in Orchard Hall. We will discuss the importance of manipulatives and mastery and how you can support your child at home. This workshop is suitable for parents of all children, but may be of particular use for parents of children in KS1 & lower KS2.

Your child's class teacher will keep you informed throughout the year with information about the stage of maths development your child has reached, but this workshop is a fantastic starting point of information relating to your child's progression through mathematical concepts.

We look forward to sharing our ideas with you and hope it will support your understanding of how developing maths knowledge helps children to develop number sense. It is really important that we work together to ensure that your child becomes confident and enthusiastic mathematicians. We hope to see you there!

If you would like to attend, please click on the link below and enter your details.
