

Friday 22nd November 2024

Good afternoon,

This week it has been the turn of Amber Class to show all their amazing learning through their assembly. Well done Amber Class and Miss Deschamps for putting together such a wonderful performance. Jade class are busy practising hard for next week when it is their turn!

We have continued to read and write about trolls and are making sure that we use conjunctions (like because, or, but) to join our ideas and prepositions (such as under, next to) to show where something is. We are very excited to be working towards our final piece of writing about trolls soon.

In maths this week we have continued to build our understanding of subtraction and are now applying the skill of exchanging a ten for 10 ones, or 1 hundred for 10 tens. This is a tricky concept and there are lots of steps to remember but everyone is showing such determination!

Another challenge this week has been learning how to weave as part of our Art topic this term, 'A Good Yarn'. In the next couple of weeks, we will be creating a woven wall hanging. We hope that some parents and carers may be able to come in to school to help with this – class teachers will be in touch to let you know dates. There will be another opportunity for helping in school over next few weeks as each class will be going out of school into the local area as part of our Geography topic on settlements. Again, class teachers will contact you with dates.

We really do appreciate all the support we get from parents and carers – it was so wonderful to see so many of you at the exhibition of our work from anti-bullying week last Friday.

We hope that many of you are also able to come along to school tomorrow to get into the Christmas spirit with the PTA Christmas Fair from 11:30 – 3pm.

Have a lovely weekend!
Best wishes,
The Year Three Team
